Are You Terrified?

We are the New World Order.

We will ANNIHILATE the old ways. DESTROY the old ruling systems of the elites. DESECRATE the old religious ideas.

The old is a disease ravaging the Earth.

Through the
DEATH
of the old

The
NEW
WILL be born.

Does the death of the old terrify you? There are people in this world who live in fear of new ideas, new systems, anything that challenges their familiar old ways. Above all, they are terror-struck by the New World Order: the world in which the old ways have been torn down and burned to ash.

You've been raised on lies. You've been told the New World Order is to be feared above all else. You've been told the New World Order wants to control you. **LIES**. You are already controlled by the Old World Order. The New World Order has yet to be established. We're here to set the world free. We're here to OVERTHROW the rich elite, unite the world, and transform humanity into a divine race of gods. Throughout history, we have worked behind the scenes to

create a new humanity and a new Earth. We have always been resisted.

What better way for the rich elite rulers – the controllers of the Old World Order – to prevent change than to demonize all new ideas that threaten their power? If you fear the new, the old will remain in power. Unity is the greatest strength you have, and that's why the elites do everything to create disunity. Divide and rule. It has always been their way.

FUCK the Old World Order.

The fearful seek to conserve the past, to preserve old, traditional ways. They believe in ancient religious stories. The conservatives prefer old, failed methods and patriarchal systems. "Let's make America great AGAIN," they chant. When was it great? During slavery? Before women could vote? When homosexuality was labeled a mental illness?

The Old Ways have FAILED.

Old religious ideas must perish. Old monarchies must be toppled. Old elites of inheritance and privilege must be supplanted. The old political, religious, and spiritual systems must be superseded. They are rancid and toxic.

It's time for the NEW.

Higher humans look to a new future, not to the old, dead past. It's not a case of reforming the system. The system is toxic. We must create a new system, one that brings us all together and actualizes our collective divinity.

"One resists the invasion of armies; one does not resist the invasion of ideas. ...
Nothing is stronger than an idea whose time has come."

– Victor Hugo

We are the Idea. This is our time. We will not be stopped. We will bring back balance. We will restore sanity. We are the New Reality. New humanity—Hyperians—will remake the world and save it from destruction.

The Hyperian New World Order, guided by logic and reason, has one overarching goal: to actualize the potential of every individual, transforming the Earth into a collective of divine beings united as ONE.

We are the Hyperian New World Order.

The Spiritual System of the New World Order

WE bow before no god. The Hyperian New World Order will transform humanity *into* a society of gods.

Old religious ideas will be demolished and replaced by rational spirituality. This world has been ravaged by the virus of fundamentalist religion. It has stood in the way of human progress far too long. Fundamentalist religion and the old religions of the elites will be abolished and replaced by healthy spirituality, grounded in reason. Reason will take the place of faith and irrational mysticism.

The Abrahamic religions promote the execution of homosexuals, the superiority of men over women, hatred, slavery, violence, and genocide. This is as vile as the Neo-Nazi ideology that plagues our world today. Yet many people who condemn neo-Nazis (and rightly so!) will defend fundamentalist religion in the same breath. Insanity. Here are just a handful of atrocities condoned in the Bible:

Women are inferior to men - 1 Timothy 2:11-12

God causes the death of every first-born child in Egypt

- Exodus 11:5

Homosexuals are to be killed - Leviticus 20:13

Purchasing of slaves - Leviticus 25:44

Rape of virgin girls - Numbers 31:7-18

Attempting to leave a fundamentalist religion can result in Religious Trauma Syndrome (RTS) which is comparable to PTSD and C-PTSD. In the Hyperian New World Order, the fundamentalist indoctrination of children will be considered child abuse.

"In general, people who have not survived an authoritarian fundamentalist indoctrination do not realize what a complete mind-rape it really is."

– Dr. Marlene Winell, Ph.D

The vast majority do not understand how cancerous religious fundamentalism is. Generally, it is considered harmless, and speaking out against it is taboo. ENOUGH. It must be cut out. If you support religious fundamentalism, then you support child abuse, and you have no place in our enlightened society.

No longer will these toxic systems be allowed to destroy the minds of children by instilling fear, warping their thoughts, and rendering them unable to think rationally. Faith is a putrid obstacle to divinity, and fundamentalist religion is a noxious poison keeping humanity fractured. Logic and reason will prevail.

Hyperianism is our rational system of spirituality which recognizes that you are an eternal being and the universe lives within us all. We are the universe optimizing and coming to self-knowledge. We can all access the divine through ourselves, and through us the collective awakens. We are all potential gods and goddesses and Hyperianism is about actualizing your divine potential. You need no god and no priests to intercede. Reject the lie of sin and integrate both your shadow and light to become whole and actualize your Higher Self. Get off your knees. Stand up. God is not outside you. *YOU* are God. *WE* are God. *We* are the Absolute. *We* are the All. Hyperians constantly strive to go beyond, overcome all obstacles, and increase their power. Hyperians are new humanity—the true members of the New World Order—and Hyperianism is our system that unites all minds together and unlocks our divine potential.

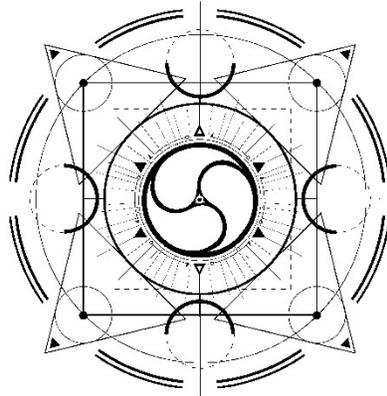

"What is great in man is that he is a bridge and not an end. ... Man is something

that shall be overcome.”

– Friedrich Nietzsche

It's time to burn our bridges. We are the next evolutionary step. We are new humanity. We are Hyperian.

The Science of the New World Order

This is *not* a material reality. This is a mathematical reality. We are ushering in a radical new paradigm shift from materialist science to ontological mathematics.

The idea that reality is material is a failed belief long since refuted by the discoveries of quantum mechanics. A material reality is a limiting idea that declares you are a collection of lifeless atoms destined for nothing more than to rot in the grave. It stands in direct opposition to Hyperianism and the New World Order which seeks to actualize your infinite potential until you have reached divinity.

“Everything we call real is made of things that cannot be regarded as real.” – Niels Bohr, Pioneer of Quantum Physics

“As a man who has devoted his whole life to the most clear headed science, to the study of matter, I can tell you as a result of my research about atoms this much: There is no matter as such.” – Max Planck, Founder of Quantum Physics

“Consciousness cannot be accounted for in physical terms. For consciousness is absolutely fundamental. It cannot be accounted for in terms of anything else.” – Erwin Schrödinger, Pioneer of Quantum Physics

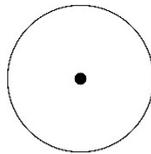

“The ontology of materialism rested upon the illusion that the kind of existence, the direct 'actuality' of the world around us, can be extrapolated into the atomic range. This extrapolation, however, is impossible... atoms are not things. ... The smallest units of matter are not physical objects in the ordinary sense; they are forms, ideas which can be expressed unambiguously only in mathematical language.” – Werner Heisenberg, Pioneer of Quantum Physics

Ontological mathematics is the rational core of Hyperianism and the Science of the New World Order. It proves the world is not material but a collective, mathematical dream, that death is an illusion, and you are an eternal, mathematical being with the capability of becoming god. This is not a belief or a faith. This is a deductive, mathematical certainty. This is precisely why the Hyperian New World Order seeks to actualize the potential of every individual and unite the world. This process is literally embedded in the fabric of existence.

“There is no such thing as matter in the scientific sense. There are only thoughts that operate in a matter-like way and which produce matter-like phenomena.”

– Dr. Thomas Stark, Philosopher of the New World Order

As we create a new humanity and a new Earth, ontological mathematics allows us to rationally explore the immaterial domain of mind that connects all things together: the mathematical Source.

Reality is composed of mathematical energy: analytic sine and cosine waves. These are the basic units of *thought*; hence a universe of sinusoidal waves is a thinking, mental, purposeful, meaningful, striving, evolving universe, seeking to optimize and perfect itself.

We have access to advances in thought that are beyond the comprehension of the masses but we're bringing this system to light now. To become divine all you must do is learn the secret knowledge of how to harness your eternal energy.

Reality is an evolving mind coming to know itself through itself. It seeks unification, wholeness, and completeness. We are all eternal, individual, and indestructible nodes of the collective mind and have infinite potential. The eternal mathematical energy of existence,

satisfying the infallible law of the conservation of energy, is contained in discrete, autonomous units known as monads. There are countless monads, and each one contains a universe of information within itself, all connected by the mathematical Source. These monads are uncaused and uncreated. They're minds, they're souls, each with infinite potential waiting to be unlocked.

A monad
an ETERNAL SYSTEM OF ENERGY,
is what YOU truly are.

The Political System of the New World Order

We will abolish rule by the rich elite and establish a system where only the most meritorious, rational, and compassionate are in power and strictly charged with uniting the world and advancing humanity to divinity.

In a universally united society where every individual has fully actualized their potential, governance will no longer be necessary, and the concept of money will be nonexistent. But that's a long way off. If government and money were abolished instantly, as many anarchists seek to do, there would be total loss of freedom, as people killed, raped, and pillaged. A dictator would quickly emerge. We are NOT anarchists, libertarians, or voluntaryists. These systems of disorder inevitably lead to rule by the mob which eventually becomes a breeding ground for rule by tyrants. The Hyperian New World Order will implement a system of transition to guide the world to a united, divine society. We can't jump to the end instantly. We must take steps to get there.

The Hyperian meritocratic system will reduce the emphasis on money, remove the rich elite from power, guarantee that they can *never* rise again, create equal opportunity for all, reward individuals based on their merit, and place only the most meritorious, compassionate, and rational in leadership positions.

In the Hyperian New World Order, anyone who wishes to take a leadership position must be judged according to:

- Merit

- **Compassion**
- **Reason**

In the New World Order, psychopathic narcissists will no longer be able to con their way to the top, and nepotism will not be allowed. An individual must prove themselves to be qualified for the role they wish to take. They must be able to think critically, rationally, and logically, and have the good of the World Collective as their primary goal.

In a system where anyone 18 or over has the right to vote, two votes by ignorant racist scum will outvote a philosopher genius. This is perfect for the rich elite, who can easily sway the opinion of the uneducated through their emotionally charged rhetoric and lies delivered by paid-for propaganda.

Stupidity runs RAMPANT...

Imagine that you're on a plane. Would you want every person on the plane to have a vote on how it should be flown? No. The plane would crash. Only those who know how to fly a plane should have a vote on how it's flown.

Through qualified voting, Hyperian Meritocracy ensures that educated and informed decisions are made. If you want to vote, you must show you know something about what you're voting for.

The Millionaires Death Tax is
the silver bullet to the heart of the elites.

The world is in flames and countless people are dying due to the elite's hoarding of wealth. The Millionaires Death Tax will cap inheritance at \$1 million. This means that no one may pass on more

than \$1 million, which will demolish the grip that greedy dynastic families have on the Earth as well as prevent new elites from rising in the future. The money gained from the tax will be used for the good of the people and invested in:

- Free Housing
- Free Education
- Universal Healthcare
- Universal Basic Income

Hyperian Meritocracy will create equal opportunity for all, ensuring that everyone is able to go as far as their talents and willpower take them. Everything that is needed, not to survive but to *thrive*, will be provided, enabling all to embark on a journey of meaning, purpose, and self-actualization to divinity. This will allow for the birth of a luminous new Earth. Our system, led by the most meritable, compassionate, and rational will guide humanity to a glorious new age.

The Morality of the New World Order

We will abolish traditional morality as a set of unchanging rights and wrongs created by long dead prophets and establish a NEW morality—a morality based on the highest reason and wisdom for the good of the people.

The new morality is clear: What is good is that which *optimizes* the freedom, progress, and actualization of both the individual and the collective. What is evil is that which irrationally *impedes* the freedom, progress, and actualization of the individual and the collective.

The new morality clearly reveals that fundamentalist religion is in fact evil. It's a rancid anti-morality that promotes homophobia, sexism, violence, and intolerance in general. It represses your needs, such as sexuality, and impedes growth. It promotes the idea that you are flawed, sinful, and powerless and should submit to a creator god. This is directly opposed to the Hyperian New World Order which supports equal opportunity and the maximization of the individual and the collective. Hyperianism promotes the truth that you are a powerful and eternal being that needs no saving. All will be encouraged to explore and grow without irrational restrictions rooted in archaic traditions.

“What is good? - All that heightens the feelings of power, the will to power... What is bad? - All that proceeds from weakness. What is happiness? - The feeling that power increases - that a resistance is overcome.”

— Friedrich Nietzsche

Consider two “taboo” subjects: drugs and sex work. They are opposed largely because of religious zealots who consider these issues immoral. Under a new, rational morality, these issues would be judged according to their effects on the individual and the collective.

In the Hyperian New World Order, drugs (recreational, mind expanding, and therapeutic) will be made legal under a licensing process that will require a personalized psychological assessment, in addition to other safety precautions to prevent abuse. Both drugs and sex work will be legalized, wiping out unhealthy, low-quality substances manufactured for sale on the black market and dangerous health and safety practices.

Sex naturally promotes unity and thus is demonized by the Old World Order. Today, those that explore their sexuality are shamed. In the Hyperian New World Order, sex will be a cornerstone. Hyperianism recognizes that sex is an essential part of life and that people should be sexually satisfied. Those in the sex industry play a vital role in society, and we will ensure they are respected, safe, and protected.

The repression of your urges results in unhealthy unconscious build up that psychiatrist Carl Jung called the Shadow Self. A healthy society is one that allows you to explore and integrate your Shadow Self. You must not deny your darkness, but accept and integrate your whole self, both light and dark.

“How can I be substantial if I do not cast a shadow? I must have a dark side also if I am to be whole.”

– Carl Jung

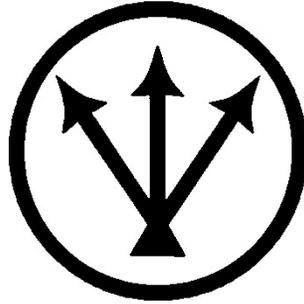

Society has created an enormous taboo around sex, which makes up a large part of your Shadow Self. What a disgrace! We will create designated Shadow Zones across the Earth. These will be entire realms of experience designed for the exploration of your deepest urges. Imagine lands of music, sex, dance, art, love, and freedom.

You will be able to live freely and experience the wonders this physical life offers. From the dark world of BDSM to a psychedelic journey of meaning, there will be something for everyone, be it dark or light. We will create realms where your wildest fantasies will come to life.

Everyone will be free to experience however they so will, safely and consensually, of course. It's time to really live. Sex and love should be celebrated and recognized for what they are: powerful, unifying, and transformative experiences of the divine within each other.

Do you want a meaningful experience? Do you want to feel the god within? To hell with prayer. Make love!

The WAR of the New World Order

FUCK THEM ALL

We are engaged in a War of the Mind, a war of ideas. We are the NEW Idea battling the forces of the old, dead, decaying ideas of the Old World Order. The old rulers will do anything to sow confusion and fracture to keep you in disunity. It's imperative that you understand exactly where we stand and what ideas oppose us in the War of the Mind. It's time to choose where you stand.

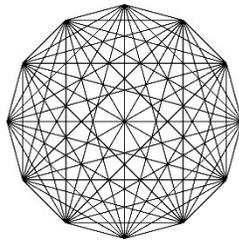

- FUCK OLD RELIGIONS
- FUCK SCIENTISM
- FUCK CAPITALISM
- FUCK ANARCHY
- FUCK CONSERVATISM
- FUCK THE ELITES

Do you see how twisted the Old World is? It keeps you oppressed and suppresses your divine potential. Abrahamic religions teach that you are a slave to a god in the sky. Scientific materialism teaches that you are a purposeless collection of atoms. Capitalism teaches that you are a slave to earthly masters. All these systems work hand in hand to suppress you and your divinity while all *our* systems work hand in hand to *express* you and your divinity. The rich elite must be overthrown. They are destroying the Earth. Right wingers, conservatives, racists, homophobes, sexists, and patriarchal

supporters can play no part in Hyperianism. We disagree with everything they stand for.

In the Hyperian New World Order, there is NO PLACE for discrimination of sex, race, age, or gender.

As those who stand on the side of true freedom come together as one world and one people, the patriarchy will be brought down, discrimination will be erased, racism will be ended, women's liberation will be achieved, and the LGBTQ+ community will be celebrated. With the world's resources restored, we will create a global society focused on the highest of goals: the transformation of humanity to divinity.

We are the individual and the collective.

Ontological mathematics proves that we are all individual and eternal minds that, when considered together as one system, form one mind. As we build an increasingly cooperative Hyperian society, united under a meritocratic system, we will begin to operate in such harmony that it will be as though we are one mind, just as each part of a body works together. Currently, the world operates like a body that has its hand around its own throat, choking its life away. Not only will we create a world society, but in time, we will create a universal society reflecting every mind in the universe.

We are all Universal Citizens.

On whose side will you stand on the broad fields of Armageddon? Will you support the evil tyrants of the past, or will you make your

stand shoulder to shoulder with those who will never serve any gods but will instead become gods themselves? Escape your chains. It's time to taste freedom. It's time to step with us into the future. It's time to destroy the old and create the new.

The World is OURS.

"The world will not be destroyed by those who do evil, but by those who watch them without doing anything."

— Albert Einstein

It's up to all of us. As Micah White, co-creator of the occupy Wall Street movement pointed out, the next great revolution will be a revolution of consciousness. This is a revolution of the mind. We don't condone violent or illegal acts of any kind. This is a war of information.

Spread the Idea everywhere: via social media and real-world interaction. Use your talents to spread the Idea across the Earth. Create blogs, videos, podcasts, music, art, YouTube channels, posters, fliers, and memes. Whatever your talent is, use it to shout the Idea to the world: A NEW EARTH. A SOCIETY OF THE DIVINE. We are the coming storm that will wash away ignorance and initiate *real* change. We are the Hyperian New World Order.

Getting your work seen is just as critical as creating. If you want to start a successful Instagram page, don't wait for it to magically grow on its own. Direct message 100 people a day. Spread the Idea by contacting blogs for a story. Get on podcasts, create petitions, and give speeches. Don't wait for anyone to approach you. Be the one to approach whomever has a relevant outlet and tell them you have a story. Don't wait for it to happen – *be bold and make it happen*. Always be proactive and hard hitting – the stakes are high. Never underestimate yourself. *YOU HAVE THE POWER TO CHANGE THE WORLD.*
